About Our Learning Institution

We at Healthcare Training and Career Consultants, INC., employ high quality instructors specializing in offering customized and individualized lessons based on your needs.

Our family like atmosphere motivates our participants to learn and to enjoy themselves. Our counselors will also assess your needs.

Our Philosophy

"Caring is the art of giving and also a way to ones growth & gaining strength. We strive to teach the highest form of care giving which we believe is centered in the heart. Heart has many meanings, but the heart of nursing and care giving is knowing to put the health & welfare of the person at the highest priority, and being one with him even for the briefest moment."
